Innovative and easy to use, the Horizon is the perfect residential cantilever umbrella.

The Horizon umbrella has been cleverly designed and developed to rotate 360 degrees and be tilted to 7 different side-to-side angles providing complete shade flexibility. Constructed with a durable powder coated aluminium frame and a premium European acrylic canvas roof, you will be able to enjoy this umbrella for many years.

Horizon Advantages

- 2 year warranty on frame defects and faulty workmanship
- European acrylic canvas fabric with 5 year warranty
- Stylish and tidy sand filled moulded plastic moveable base
- Fold tidily back to the mast with an optional cover bag
- Spring-loaded arm end-fittings to keep your canopy firm
- Perfect for residential use by the pool, patio or garden
- Very simple and easy to use winder handle
- Can also be installed with an in-ground fitting or bolted to a deck or concrete patio
- Sturdy 65 x 94mm powder coated aluminium mast
- Canopy is secured by stainless steel screws and canopy buttons so it cannot separate from the frame unlike most umbrellas with canopy pockets.

Canopy - Horizon umbrella canopies are manufactured using European made 100% solution-dyed acrylic canvas. This premium marine-grade fabric comes with a 5 year warranty and has the best available colour fastness rating of 7-8 out of 8. It also has the highest UPF 50+/SPF100 rating, cutting out the maximum amount of harmful UV light for excellent sun protection.

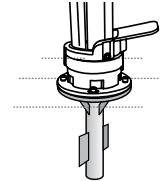

Base and Installation Options

Moveable Base

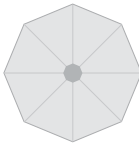

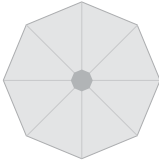

Base Plate 21.5mm
To bolt to concrete patio or wooden deck

In-ground Fitting
To be concreted into ground
