

OZTECH

NEW OUTDOOR LIFE

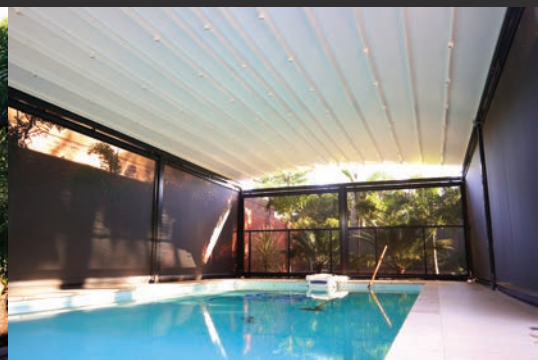

All Weather Retractable Sunroof System

OZTECH

The system is manufactured to size using high grade 6063 extruded aluminium profiles finished with thermosetting powder coating which provides superior overall performance for exterior product applications. All bolts, screws and pins are high grade stainless steel to ensure extended system life.

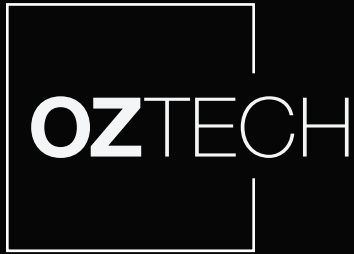

All Weather Retractable Sunroof System

| **OZTECH**

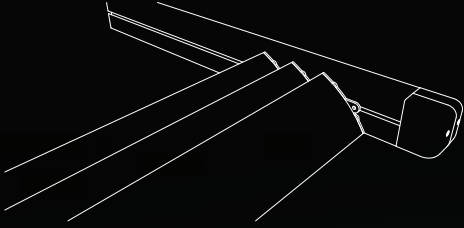

OZTECH's range of architectural retractable pergolas and roof systems are suitable for use in any weather conditions, for a large range of residential and commercial applications. Whether it is a retractable pergola for a deck or restaurant there is a model to suit all applications. Designed and built using only the highest quality materials, OZTECH Systems are available in widths up to 13m with a maximum projection of 10m, providing a solution to cover areas up to 130sq meters at the touch of a button. Linking systems is also possible and made easy by our unique joining system that ensures a 100% waterproof join every time.

LOUVERSYSTEM

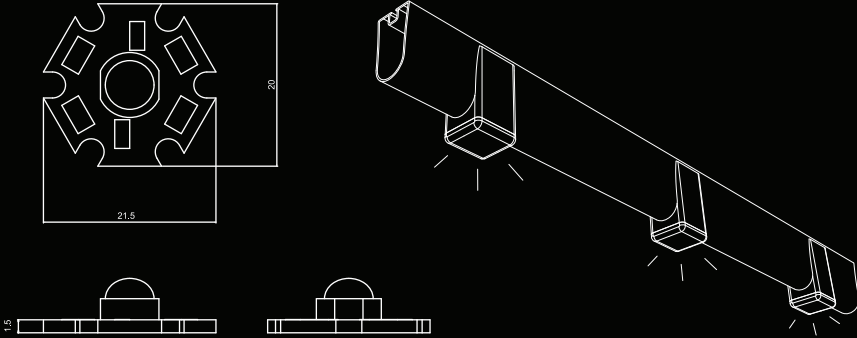

THE ADDITION OF AEROFOIL LOUVERS CAN PROVIDE
ADDED SHADE WHEN THE SYSTEM IS CLOSED

LIGHTINGSYSTEM

Remote controlled motorisation is provided by utilising European technology through a custom built direct drive motor system to ensure smooth and quick operation at 40RPM. The optional high powered LED-TEC lighting system provides a practical touch of class and when coupled with a remote dimming controller allows the user to change the mood to suit the surrounding environment.
